*Project must represent the least damaging alternative to the regulated resource. This information is to be used solely as a guide to assist individuals in filling out the joint permit application. Note that not every project will fall into the above listed fee categories. If staff determines more information and/or a higher fee is needed before the application can be considered administratively complete, you will be notified and the file will be closed. Review of the application, up to 6 months from the closure date, will continue when all of the requested information is received.

Sample Drawing 9

Application to place approximately 650 to 700 cubic yards of fill to a maximum depth of 3 feet

Proposed Residential Wetland Fill & New Home	
Applicant:	
Waterway:	
City:	
Township:	
County:	
Sheet: ___ of ___	
Date:	

Complete Sections 10A, 10B, 10C, 12, 13, and 14 if applicable to your project.

Provide **plan view** and **cross-section** site-specific drawings adequate for detailed review, include:

- ☐ An overall site plan showing existing lakes, streams, wetlands, *floodplains* and other water features.
- ☐ Name of waterbodies, property boundaries, and neighboring property owner information.
- ☐ Site location plan that provides for minimum impact to the wetland.
- ☐ The dimensions for maximum depth and maximum extent of fill. Include dimensions from fixed objects and property boundaries to wetland fill area.
- ☐ The fill volume (cu yd) calculated by multiplying average (depth) x (width) x (length) in feet and dividing by 27.
- ☐ *Soil erosion and sedimentation control measures.*
- ☐ Observed water elevation, date of observation(M/D/Y).
- ☐ Datum (IGLD 85 or NGVD 29 on Section 10 Waters).
